Create IBM cloud account:

The screenshot displays the IBM Cloud dashboard interface. At the top, there's a navigation bar with the IBM Cloud logo, a search bar, and links for Catalog, Manage, and the user's account (Shobika Rajeskanna's Account). The main section is titled 'Dashboard' and features a 'For you' section with several recommended services: Build, Use Watson Studio, Get Started with Watson Studio, Build a web app with Watson Speech to Text, Use Speech to Text, Use Text to Speech, Use Knowledge Studio, and Smart Document Understanding. Each service card includes a brief description, a 'Popular' or 'Recommended' tag, and a time estimate. Below this, there are four panels: News (with links to Key Orchestrator, TrustRadius, and Cloud Pak), Recent support cases (with a 'View all' link), Planned maintenance (with a 'View all' link), and IBM Cloud status (showing 'No issues' with a green checkmark). At the bottom, there are links for Usage, User access, and Manage users.
